

How to Pin Tabs in Chrome

A STEP-BY-STEP VISUAL GUIDE

Step 1: Right-Click Tab

Access the Context Menu

To begin pinning a tab, **right-click on the tab** you want to pin in Google Chrome.

Step 2: Select “Pin”

Pin Your Favorite Tabs

After right-clicking the tab, find and select the “Pin” option to keep it accessible.

Visual Result

PINNED TAB COMPARISON

Observe the **difference**: a pinned tab is smaller and **secured** to the left side of your browser.

Efficient Tab Management Tips

GROUPING TABS TOGETHER

You can organize your tabs into **groups** for better visibility, making it easier to find related pages quickly and efficiently.

USING TAB SHORTCUTS

Keyboard shortcuts like **Ctrl + T** for new tabs **enhance productivity** and streamline your browsing experience, allowing for quicker navigation.
