4. Detailed Process

The XXX bot designed for banking queries acts as a virtual assistant, helping users with information about banking services. The main goal is to boost customer service, provide quick and accurate information, simplify everyday banking tasks, and enhance the overall user experience.

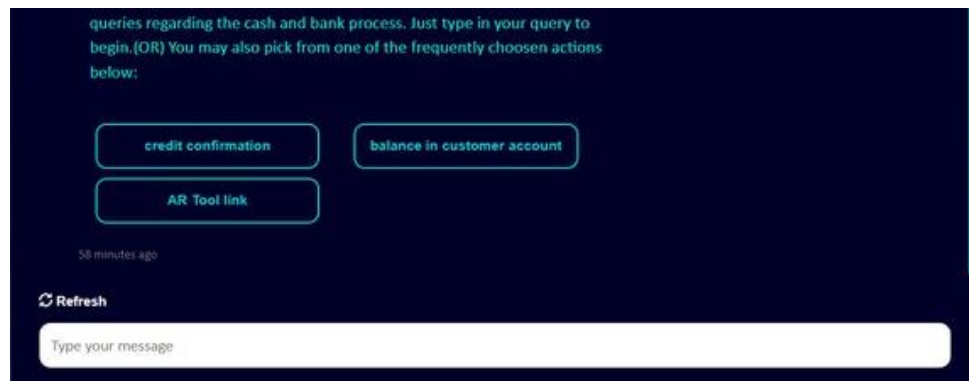

Visit <https://XXXbot.<CompanyName>.com/> to login.

< For confidentiality, the image has not been added.>

Note: Access the tool via login using a Microsoft account with integrated Azure Active Directory (AD) integration.

Click the '**Get started**' button to start the chat bot.

The chat-based interface, displaying a welcome message and frequently chosen actions, allows you to input text and receive responses generated by the bot.

Start the chat/interaction with virtual assistant/bot

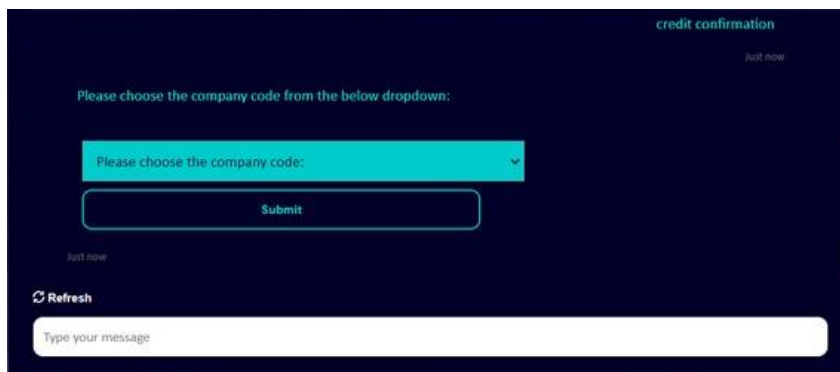

1. Type the query in the 'Type your message' textbox.
OR
Click one of the frequently chosen actions buttons below:
 - credit confirmation
 - balance in customer account
 - AR Tool link

There are 2 workflows in the XXX bot:

1. Get the credit confirmation from the customer.
2. Get the open balance in the customer account.

4.1 Credit Confirmation Workflow

1. Click the 'credit confirmation' button.
The user is instantly asked to pick the company code in the next input, stating, "**Please choose the company code from the below dropdown:**".

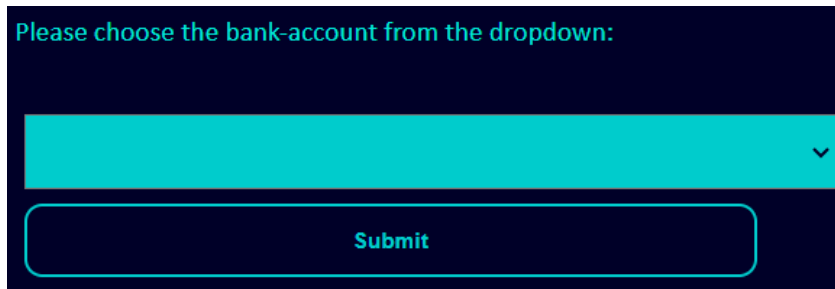

A screenshot of a web interface for a credit confirmation workflow. At the top right, it says "credit confirmation" and "just now". Below this, a message says "Please choose the company code from the below dropdown:". There is a dropdown menu with the text "Please choose the company code:" and a downward arrow. Below the dropdown is a "Submit" button. At the bottom, there is a "Refresh" button with a circular arrow icon and a text input field labeled "Type your message".

2. Select the company code from the 'Please choose the company code:' dropdown.
eg. 1234.

< For confidentiality, the image has been modified.>

A screenshot of a dropdown menu for selecting a company code. The dropdown is open, showing a list of options. The text "Please choose the company code from the below dropdown:" is at the top. The dropdown menu itself has the text "Please choose the company code:" and a downward arrow. Below the dropdown, the text "Please choose the company code:" is repeated.

- Click the **'Submit'** button.
The user is instantly asked to pick the bank account in the next input, stating, **"Please choose the bank-account from the below dropdown:"**.

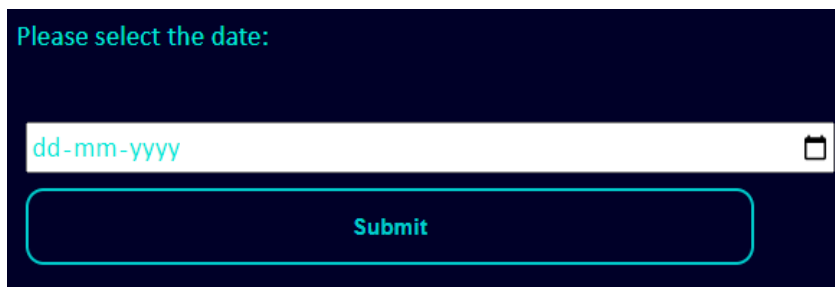

A screenshot of a form with a dark blue background. At the top, the text "Please choose the bank-account from the dropdown:" is displayed in a light blue font. Below this text is a light blue rectangular dropdown menu with a small downward arrow on the right side. At the bottom of the form is a rounded rectangular button with a light blue border and the word "Submit" in a light blue font.

- Select the bank account from the dropdown.
eg. SCB-XXXXXXXXXXXX

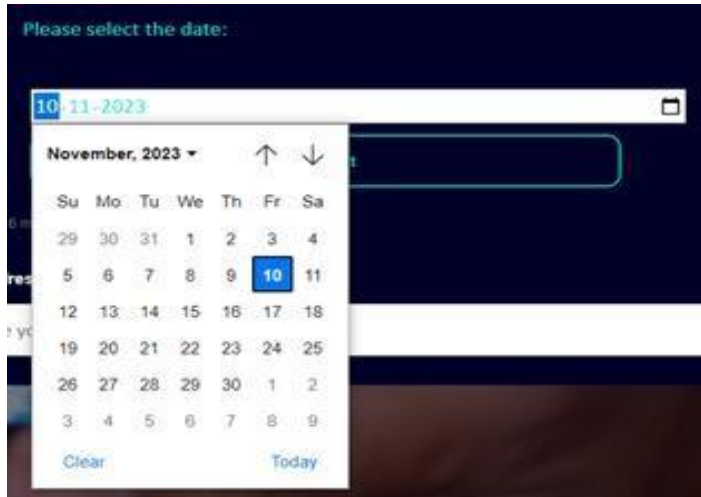

< For confidentiality, the image has not been added.>

- Click the **'Submit'** button.
The user is instantly asked to select the date in the 'dd-mm-yyyy' format in the next input, stating, **"Please select the date:"**.

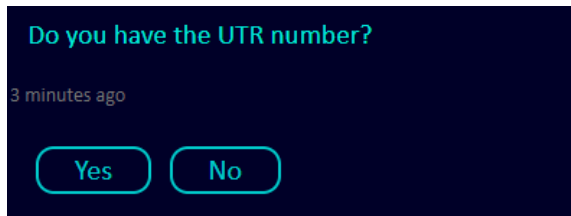

A screenshot of a form with a dark blue background. At the top, the text "Please select the date:" is displayed in a light blue font. Below this text is a light blue rectangular input field containing the placeholder text "dd-mm-yyyy" in a light blue font. To the right of the input field is a small calendar icon. At the bottom of the form is a rounded rectangular button with a light blue border and the word "Submit" in a light blue font.

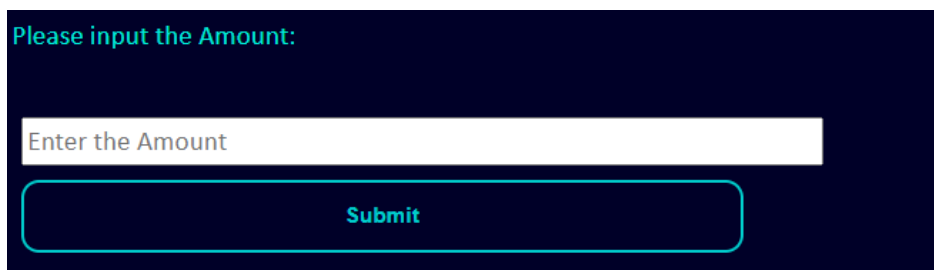

6. Select the date using 'show date picker' field.

7. Click the 'Submit' button.
The user is instantly asked to select the availability of the UTR number in the next input, stating, "Do you have the UTR number?" along with 'Yes' and 'No' options.

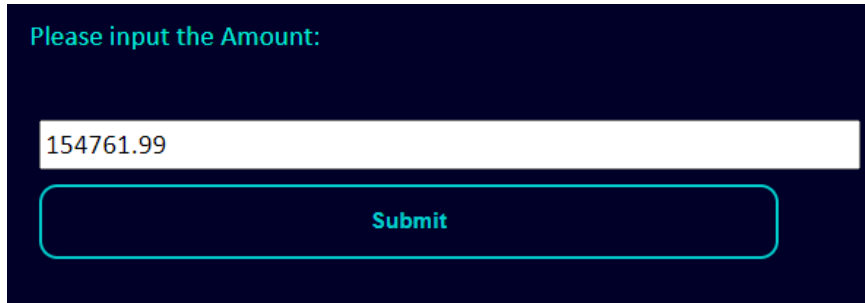

8. Click the 'No' button if UTR number is **not** available.
The user is instantly asked to input the amount in the next input, stating, "Please input the Amount:".

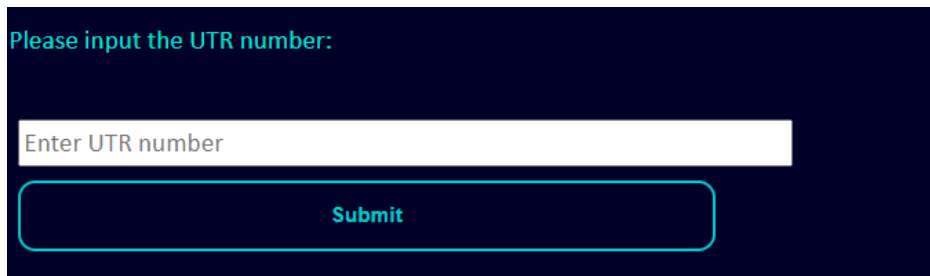

Note: Skip to step 11 if UTR number is available.

9. Enter the amount in the '**Enter the Amount**' textbox.

A screenshot of a web form with a dark blue background. At the top, the text "Please input the Amount:" is displayed in a light blue font. Below this is a white text input field containing the value "154761.99". Underneath the input field is a rounded rectangular button with a light blue border and the word "Submit" in a light blue font.

10. Click the '**Submit**' button.
Transaction details will be displayed. Action is terminated here.
< For confidentiality, the image has not been added.>

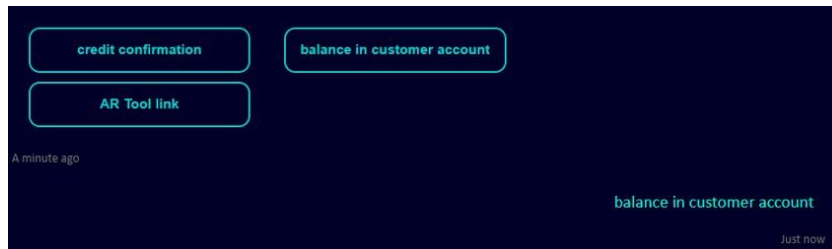

11. Click the '**Yes**' button if UTR number is available.
The user is instantly asked to input the UTR number in the next input, stating, "**Please input the UTR number:**".

A screenshot of a web form with a dark blue background. At the top, the text "Please input the UTR number:" is displayed in a light blue font. Below this is a white text input field with the placeholder text "Enter UTR number". Underneath the input field is a rounded rectangular button with a light blue border and the word "Submit" in a light blue font.

12. Enter the UTR number in the '**Enter UTR number**' textbox.
< For confidentiality, the image has not been added.>
13. Click the '**Submit**' button.
Transaction details will be displayed. Action is terminated here.
< For confidentiality, the image has not been added.>

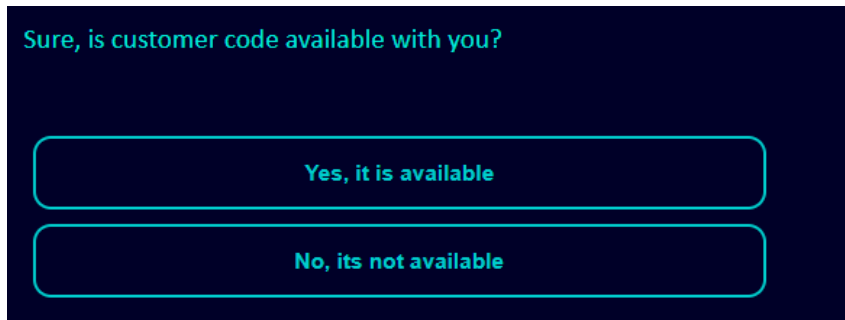

4.2 Balance in Customer Account

1. Click the '**balance in customer account**' button.

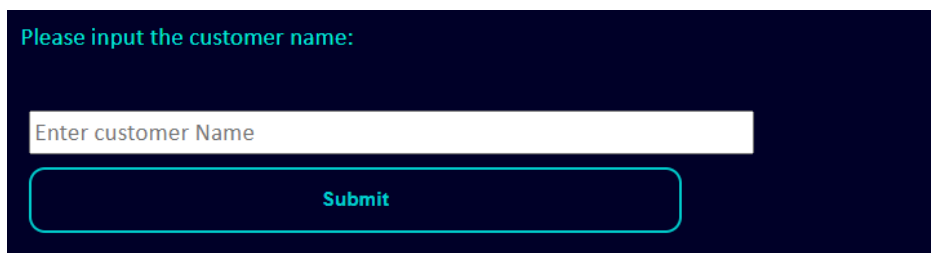

Note: Upon submission, the code checks files (i.e., statements) in BLOB storage, and then delivers the requested information based on the provided UTR number.

The user is instantly asked to verify the availability of the customer code in the next input, stating, “**Sure, is customer code available with you?**”.

2. Click the '**No, its not available**' button if customer code is **not** available. The user is instantly asked to input the customer's name in the next input, stating, “**Please input the customer name:**”.

Note: Skip to step 5 if customer code is available.

3. Enter the customer's name in the '**Enter customer Name**' textbox.

< For confidentiality, the image has not been added.>

4. Click the '**Submit**' button.
Excel file with customer code and name list will be displayed.

Please click here to access AR Tool link : AR Tool link . Please download the below attachment with the list of customer codes and customer names.

customer code - customer name list.xlsx

Note: Refer to the excel file to obtain the customer code based on the provided customer name.

5. Type '**balance in customer account**' in the '**Type your message**' textbox. Press Enter.
The user is instantly asked to verify the availability of the customer code in the next input, stating, "**Sure, is customer code available with you?**".

The screenshot shows a chat window with a dark blue background. At the top right, the text "balance in customer account" is displayed in red, with "3 minutes ago" below it. The chat area contains a message from the user: "Sure, is customer code available with you?". Below this message are two red buttons: "Yes, it is available" and "No, its not available". At the bottom left of the chat area, there is a "Refresh" button with a circular arrow icon. At the bottom of the window is a white input field with the placeholder text "Type your message".

- Click the **'Yes, it is available'** button if customer code is available.
The user is instantly asked to input the customer code in the next input, stating, **"Please input the customer name:"**.

Please input the customer code:

- Enter the customer code in the **'Enter customer code'** textbox.

Please input the customer code:

- Click the **'Submit'** button.
Excel file with customer details(results.xlsx) will be displayed.

Please click here to access AR Tool link : AR Tool link [?](#). Please download the below attachment with the retrieved results.

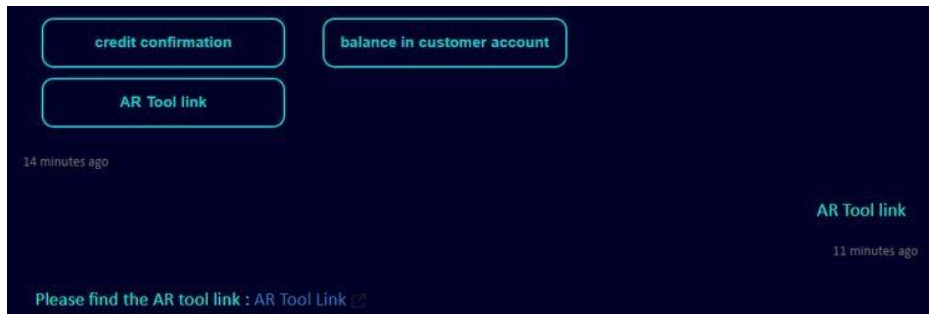

results.xlsx [↓](#)

4.3 AR Tool link

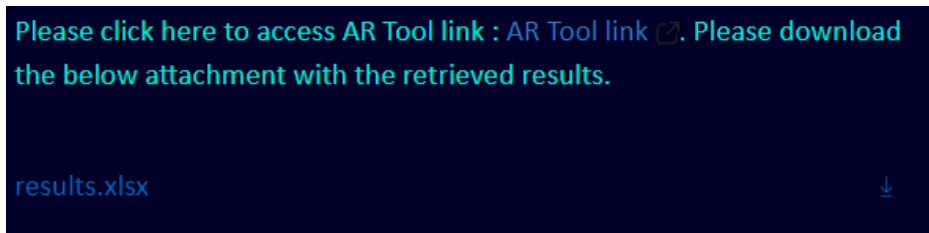

Each time results delivered to the customers; those information/results will be updated in the AR Tool link by the customer.

Accessing AR Tool link

1. Click the 'AR Tool link' button.
The user is instantly provided with input, stating, "Please find the AR tool link : [AR Tool Link](#)".

Note: The AR Tool link can also be accessed by clicking the "AR Tool link" provided above the result.xlsx file.

Note: To initiate a new chat or remove the previous conversation, click the 'Refresh' button.
